Diagnosing processing disorders | This Changed My Practice As a general pediatrician, I see many children whose behaviour and/or development is not emerging as expected. A diagnosis such as autism or learning disability may be the obvious explanation; but frequently it is not so straightforward. Parents come armed with questions about 'processing disorders' and they expect their MD to be knowledgeable. Health care - Wikipedia Health care or healthcare is the maintenance or improvement of health via the prevention, diagnosis, and treatment of disease, illness, injury, and other physical and mental impairments in people. Health care is delivered by health professionals (providers or practitioners) in allied health fields. Physicians and physician associates are a part of these health professionals.
